GALVANISED STEEL

The future of roofline

Before

After

CASE STUDY - DUSTY GREY FASCIA

The Infinity roofline system is an engineered fascia & soffit system designed to last, it offers designers, architects and home owners a unique option for colour matching the fascia and rainwater system.

The superior finish of Infinity gives a soft sheen that is both aesthetically pleasing and robust. Made from pre-coated galvanised steel material, the system is UV and scratch resistant, providing colour stability for the long-term. Backed by a 15 year product warranty, the Infinity roofline systems offers peace of mind for installers and home owners.

Available in 3 profiles :

- **MODERN V - Profile**

The V profile gives a crisp, modern edge to the fascia, more suitable for a contemporary building design.

- **CLASSIC L - Profile**

The classic L profile finishes flush underneath the soffit to give a classic box style finish to the soffit.

- **TRADITIONAL U - Profile**

The U profile is typical of a traditional style fascia; it provides a shadow line to the fascia that adds character to the roofline.

From stock, for next day delivery, in 3 colours:

Anthracite Grey, Dusty Grey and White

Specifications
